

WHAT IS HISTORY PLUS?

Work at your own pace.

Every month, we focus on a particular topic while keeping wider themes in mind. At the beginning of each month, you have access to all the lessons for the entire topic! Binge everything in one day, or work through one per day. Your choice!

Made by homeschoolers, for homeschoolers.

History Plus is a small family business run by a pair of brothers. Every member of our team was homeschooled from K to Grade 12!

We make learning fun for everyone.

History, geography, and science do not have to be dull subjects. For over 9 years, we have taught thousands of homeschooling families. We know how to make it fun!

Fully digital?

History Plus can be accessed on any device connected to the internet. But the learning doesn't stop there. We try to engage as many different learning styles as possible.

Video based daily lessons

Our primary mode of instruction is video; however, each video includes an optional worksheet, other links for supplementary study, and much more!

Ages 8-18

Rather than teaching based on grade level, we focus on two different age-ranges. Our 8-11 program offers an introduction and overview to the topic of the month, while our 12-18 program goes more in-depth and handles more mature subjects throughout history and science.

WHAT DOES A MONTH WITH HISTORY PLUS LOOK LIKE?

End of the month

The old program will be taken down and brand new videos will take their place. Learning never gets stale!

"I have 5 kids ages 6-12 and they are all captivated by the monthly videos. Our dinner-time conversation comes alive with the chatter of what they learned. Thank you for inspiring the love of learning!" J.S.
